

# Teenager Social Group

*Social Groups are a great environment for individuals to make friends, feel a sense of belonging, share interests and experiences, develop social skills and learn about common social issues for their age group.*

*The Friends of Autism Teenager Social Group provides an inclusive and age appropriate social setting for teenagers to engage in exciting activities.*

**Social Groups include activities such as: bowling, movies, wii games, soccer, football, table tennis, ipad games, computer games... and more!**

**Each Social Skills Group will also include food such as: pizza, pasta or subway!**
